GERMANY SISTERS/TAHEA MWANZA

Re: Appreciation Thank You Letter for Secondary School Fees

Dear Germany sisters,

HAPPY NEW YEAR!! I am pleased to have this opportunity to thank you for your educational support.

I am Julieth Joseph. Coming from a poor family, I was raised by a single parent (my mother). My father passed away when I was only five years old. My mother couldn't afford to pay for my school fees; your support enabled me to continue with my studies since I was facing a lot of challenges before your intervention. These challenges included, being sent home to collect fees and coming to school without shoes. All these have now become history just because of the help from Germany Sisters. I would want to tell you that your assistance was a turning point in my life. Before I felt neglected, sidelined, and a social outcast. From the day I received your assistance, I felt that I was part of the school. I will also like to extend my appreciation to Mama Asia Kasuwi Kapande who made sure I got the school fees on time.

I completed my high school education at Nganza girls secondary school and performed well in my studies. Then I was selected by the government to join The University of Dar Es Salaam pursuing Early Childhood Education as I was inspired by the work of TAHEA in expanding the knowledge of Early Childhood Development (ECD) in different communities. After I graduated from the University, I applied to work as a volunteer at Tanzania Home Economics Association (TAHEA), after two years of volunteerism I was hired to work under Better Way Foundation Project as an ECD Program Assistant.

I now can climb high up the ladder of life.

Yours Sincerely,

Julieth Joseph

ECD Program Assistant at TAHEA-MWANZA
