RE: APPLICATION FOR EDUCATION SPONSORSHIP

IN FORM SIX.

With great honour, I RAIYAN NATTY BALLY a form six student at Nganza Secondary School taking History, Geography and Economics (HGE) as my combination, I am writing to you - TAHEA ORGANIZATION to kindly approve my request as the heading states. As I am from a very lowly standard family aged 19 years old. I grew up in a single parent family because my daddy passed away when I was one year old, so my Mother had to nurture me regardless of the poor living standard she was. Therefore my Aunt took me to school ever since 2007 to 2020, but on the contrary she can no longer access all the expenses for my education payments. Because she is now aged enough that she can not engage herself in productive activity to help me.

My ambitions is to study Marketing and Advertising in University as my career. I can only make this dream come true if I get assured financial support for my Education in this form six level. I am not eager to drop out of school at this point, and so am kindly requesting for your earnest support on this, as my Aunt can not afford any more so that I can complete my A-level education. My dream is to be a Marketing manager as I can manage to help the needy as you are doing for us.

I promise to do more better in my studies and be the best model in the society towards building the Nation. And of course, maintain my self discipline and competence. All those will make my dreams come true with a great support from you. Waiting for positive regards. Sincerely in to pleading. BLESS UP, Our Almighty will add the placed you removed

Yours in building the Nation

R.N. Bally
